For 5 years we have been trying to bring Mike Bender to Flying Horse. His schedule has opened in July to be with us for 2 days. It is a very small group, so the attention to each student will be exceptional.

Unfortunately, the timing conflicts with our member/guest, but it is the only 2 days Mike is available.

Garrett Froggatte was an apprentice to Mike and learned his teaching philosophy and style from Mike. With his mentorship Garrett has elevated to become a Golf Channel Lead Instructor and Head Teaching Professional at Flying Horse. Mike and Garrett will team up to give personal attention to each participant.

WHATS INCLUDED:

This school is designed to help develop a players full swing, wedges, and chipping. Mike and Garrett will cover the fundamentals, help you make proper adjustments, video before and after, and create training sessions with drills. **When the school concludes you will be armed with understanding and methods to continue your improvement long after the school is over.**

Players will receive a gift bag, videos of their progress, and lunch.

Students will have the choice of either a morning time from 8:00-12:00 or an afternoon time of 1:00-5:00. You must do both days the same either morning/ morning or afternoon/ afternoon.

To reserve your spot email, text,
or call Garrett Froggatte:
719-201-0240 or
